Clonando github

<https://github.com/aftraina-maker/IoT-2025-2>

A screenshot of a terminal window in a dark theme. The tabs at the top are PROBLEMS, OUTPUT, TERMINAL, and The terminal window has a powershell icon and a close button. The command "git status" is highlighted with a red box. The output shows:

```
PS C:\Users\paff\Downloads\Iot-2025-teste\IoT-2025-2> git status
On branch main
Your branch is up to date with 'origin/main'.

nothing to commit, working tree clean
```

The command "git remote -v" is highlighted with a red box. The output shows:

```
PS C:\Users\paff\Downloads\Iot-2025-teste\IoT-2025-2> git remote -v
origin  https://github.com/aftraina-maker/IoT-2025-2 (fetch)
origin  https://github.com/aftraina-maker/IoT-2025-2 (push)
```

The command "PS C:\Users\paff\Downloads\Iot-2025-teste\IoT-2025-2>" is highlighted with a red box.

Configure sua identidade (uma vez por máquina)

- git config user.name "Seu Nome"
- git config user.email "seuemail@exemplo.com"
- git config pull.rebase true # evita merges “extras” ao puxar

...

- Baixe todas as branches e tags
`git fetch --all --prune -tags`
- Garanta que você está na branch base
(geralmente main ou master) e atualize
`git checkout main`
`git pull`

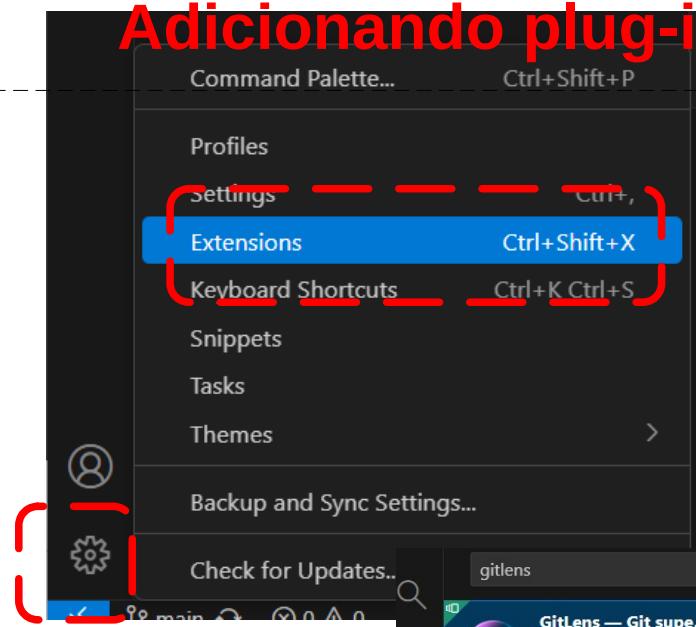

Atualizações frequentes

- Trazer as últimas mudanças da base para sua branch de trabalho:
 - git fetch origin
 - git rebase origin/main

Corrigindo commits (antes de enviar)

- Ajustar a última mensagem:
`git commit --amend`
- Unir commits (squash) antes de abrir o PR:
`git rebase -i origin/main`
- # marque commits como 's' (squash), salve e conclua

Adicionando plug-ins

This screenshot shows the search results for 'gitlens' in the VS Code Marketplace. The top result is 'GitLens — Git superc...' by GitKraken, which is recommended. Below it are other extensions like 'GitLess' and 'Git & GitHub Extensi...'. Each extension card includes its name, developer, rating, and an 'Install' button.

This screenshot shows the detailed view for the 'GitLens — Git superc...' extension. It features a large circular icon with a stylized branch, the extension's name, developer information, and a brief description. It also shows the 'Marketplace' section with details like identifier, version, and publication history.

Hui Zhou [Install](#)

The screenshot shows the VS Code Marketplace interface. On the left, there's a vertical sidebar with icons for file operations like Open, Save, Find, and Copy/Paste. The main area has a search bar at the top with the query 'git his'. Below the search bar are two extension cards. The first card is for 'Git History' by Don Jayamanne, showing a green icon with a circular arrow and a tree, and a rating of 4.5 stars. The second card is for 'Git History Diff' by Hui Zhou, showing a blue icon with a circular arrow and a tree, and a rating of 4.5 stars. Both cards have an 'Install' button.

DETAILS FEATURES CHANGELOG

This screenshot shows a detailed view of the 'Git History' extension page. At the top, there's a large thumbnail for the extension, its name, developer, popularity metrics (15,147,402 installs), and a 5-star rating. Below the thumbnail, there's a brief description: 'View git log, file history, compare branches or commits'. Underneath this, there are three tabs: 'DETAILS', 'FEATURES', and 'CHANGELOG'. The 'DETAILS' tab is active, showing the extension's icon (a green circle with a white tree and a blue circular arrow), its name, developer (Don Jayamanne), and an 'Install' button. The 'FEATURES' tab lists several features: 'Git history panel in your VS Code', 'Modern, fast and intuitive tool for b...', and 'View File History in SideMenu.'. The 'CHANGELOG' tab shows a list of recent changes, including updates to file history, commit history, and file history in the sidebar. A red double-headed arrow points from the bottom of the first screenshot to the top of this one, indicating the transition between the search results and the extension details page.

**Objetivo do marco
objetivos e o público-
## 1. Problema no Agronegócio
Descreva o contexto, a situação e o problema que é possível.
+ # Definição do Projeto
## 2. Justificativa
Por que resolver? Benefícios e riscos de não resolver. Referências, quando houver.
## 3. Objetivo Geral
Texto único, claro e mensurável.
```

Buscar repositórios

A screenshot of the GitHub Home page. At the top, the URL 'github.com' is visible in the browser's address bar. Below the address bar, there is a navigation menu with icons for Dashboard, Notifications, and Profile. A large search bar is positioned on the right side of the header, containing the placeholder text 'Type / to search'. This search bar is highlighted with a red dashed rectangular border. On the left side of the page, there is a sidebar titled 'Top repositories' with a 'New' button and a search input field labeled 'Find a repository...'. The main content area is titled 'Home' and displays a list of repositories, though the list is mostly obscured by a large watermark reading 'REDACTED'.
